

2008 PASER Training

The Michigan Local Technical Assistance Program will be offering PASER training sessions for people involved in the Michigan Transportation Asset Management Council's (TAMC) annual road rating process.

Who Needs To Attend

PASER training is required for any person who plans to participate in the TAMC federal aid PASER data collection process and expects to be reimbursed for their time during the rating activity. People who did not actively rate during the 2007 data collection effort are required to attend **BOTH** the AM and PM sessions. People who attended the 2007 TAMC PASER training **AND** actively collected data in 2007 may attend the PM session only.

Registration

All participants **MUST register in advance** for the training as there are limits on space.

To register contact:

Michigan's Local Technical Assistance Program
Phone 906-487-2102
Email – ltap@mtu.edu

Cost

There is no cost for this training for participants from public road agencies. Travel & training time will be reimbursed by your county's planning organization.

There is a \$40 fee for participants from other agencies or private companies.

Lunch is included.
