

Maintaining Minimum Sign Retroreflectivity

Web Conference Training Sessions:

December 16, 2008
December 17, 2008
January 20, 2009
January 22, 2009

Overview:

This online training will provide participants with valuable information related to maintaining minimum sign retroreflectivity, including the Federal Highway Administration's requirements, the *Manual of Uniform Traffic Control Devices* revisions, and how *RoadSoft* can assist local agencies in meeting these requirements.

Dates and Times:

There will be four sessions of this online training:

December 16, 2008 – 10:00 am - 11:00 am

December 17, 2008 – 2:00 pm - 3:00 pm

January 20, 2009 – 10:00 am - 11:00 am

January 22, 2009 – 2:00 pm - 3:00 pm

Registration:

There is no cost to participate. To register, call the Michigan Local Technical Assistance Program at **906-487-2102**. Connections to the web conference site will be limited; the number of attendees at one site is not limited. Please register as early as possible to ensure your participation. Following registration you will receive instructions regarding access to the web conference site.

If you register and must cancel, please call the LTAP office within one day prior to your session so the next person on the waiting list can participate.

Presenters:

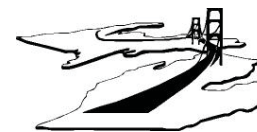

Mark Bott, P.E., Traffic Operations Engineer
Michigan Department of Transportation

John Kiefer, P.E., Research Engineer
Michigan LTAP

Topics:

- History of Regulations
- New MUTCD Criteria
- Retroreflectivity & How It Works
- Important Compliance Dates
- Methods for Compliance
